

**Call us at 610-678-8004**

and we will guide you through the process.

## Installation Timeline

### STEP 1

**Sign contract** to install Solar Roofing on your home and authorize placement of Bachman's yard sign.

*30% initial deposit required.*

### STEP 2

Your Residential Design Consultant completes a **site survey** and **submits the order to the engineering firm.** *(1 week)*

### STEP 3

The Electrical Engineer designs the **electrical building plan set.**

*(2-3 weeks)*

### STEP 4

Bachman's will apply for and secure the required **building, electrical and roofing permits.** *(Cost up to \$300)*

### STEP 5

Our Solar Roofing team will **file an interconnection agreement with your power supplier.**

*30% Special Order Materials Deposit required. The agreement will be emailed; you will need to print out, sign and return. (30 days)*

### STEP 6

Bachman's will **order the solar roofing system**, typical delivery within two weeks.

### STEP 7

Upon receipt of required municipal permits we will **schedule your installation day.** *(15-30 days from receipt)*

### STEP 8

**Day(s) of installation** the crew will arrive between **7 and 8 AM.** Jobsite Supervisor will conduct a walkthrough.

*Some installations may require a second visit to install and connect the electrical service.*

### STEP 9

Upon completion of work performed by Bachman's **final payment** is due.

### STEP 10

Final inspection from municipality and **Approval to Operate** sent from the utility provider.
